

Funds Availability

Effective 7/1/2020

Facts about deposits, holds & your ability to withdraw funds

Our process of holding deposited items in a transaction account before funds are made available to you for withdrawal. This is what is called our Funds Availability Policy. Generally, transaction accounts are accounts which should permit an unlimited number of payments by check to third persons, and also an unlimited number of telephone and preauthorized transfers to third persons or other accounts you may have with us.

Our general policy is to make funds available to you on the first business day after the day we receive your deposit. Once they are available, you can withdraw the funds in cash, and we will use the funds to pay checks that you have written. However, even after we have made funds available to you and you have withdrawn the funds, you are still responsible for checks included in your deposit that are returned to us unpaid. Electronic direct deposits will be available on the day we receive your deposit.

For purposes of this disclosure, the terms “you”/”your” refer to the depositor and the terms “our”/”we”/”us” refer to the financial institution. The term “Business Day” means any day other than a Saturday, Sunday or federally declared legal holiday, and the term “Banking Day” means that part of any business day on which we are open to the public for carrying on substantially all of our banking functions. If you make a deposit before 4:00 p.m. on a business day that we are open, we will consider that day to be the day of your deposit. However, if you make a deposit after 4:00 p.m. or on a day that we are not open, we will consider the deposit made on the next business day we are open.

Longer Days May Apply. In some cases, we will not make all of the funds that you deposit by check available to you on the first (1st) business day after the day of your deposit. Depending on the type of check that you deposit, funds may not be available until the second (2nd) business day after the day of your deposit. However, the first \$225 of your deposits will be available on the first (1st) business day.

If we are not going to make all of the funds from your deposit available according to the previously stated availability schedule, we will notify you at the time you make the deposit. We will also tell you when the funds will be available. If your deposit is not made directly to one of our employees, or if we decide to take this action after you have left the premises, we will mail you the notice by the day after we receive your deposit.

If you will need the funds from a deposit right away, you should ask us when the funds will be available.

In addition, we may delay your ability to withdraw funds deposited by check into your account for an additional reasonable period of time for one or more of the following reasons:

- (a) If we believe the check being deposited is uncollectible.
- (b) If you make check deposits on any one day that exceed \$5,525.
- (c) If you redeposit a check that has been returned unpaid.
- (d) Repeated overdrafts, i.e. if on six (6) or more banking days within the preceding six-month period, your account balance would have been negative if checks or other charges had been paid; or if on two (2) or more banking days within the preceding six (6) month period, your account balance was negative or your account balance would have been negative in the amount of \$5,525 or more if checks or other charges had been paid.
- (e) If an emergency condition arises that would not enable us to make the funds available to you, such as failure of communications or computer equipment.

We will notify you if we delay your ability to withdraw funds and will tell you when you will be able to withdraw the funds. Funds will generally be available no later than seven (7) business days after the day of your deposit.

Deposits at Nightdrop. We no longer accept deposits at the ATM. As an alternative, you can utilize the Nightdrop during non-business hours. Cash and checks may be available the following business day when we are open. Checks may be subject to holds and we will notify you in the event that we place a hold on your account.

Special Rules for New Accounts If you are a new account customer and your account has been open 30 days or less, we may further limit your ability to withdraw funds deposited by check, but only during the first 30 days. Funds from electronic direct deposits to your account will be available on the day we receive the deposit. Funds from deposits of cash, wire transfers and the first \$5,525 of a day's total deposit of cashier's, certified, teller's, traveler's and federal, state and local government checks will be available on the first (1st) business day after the day of your deposit if the deposit meets certain conditions. For example, the check must be payable to you. The excess over \$5,525 will be available on the ninth (9th) business day after the day of your deposit. If your deposit of these checks (other than U.S. Treasury checks) is not made in person to one of our employees, the first \$5,525 will not be available until the second (2nd) business day after the day of your deposit.

Funds from all other check deposits will be available on the seventh (7th) business day after the day of your deposit.
